**Collect**

Almighty God,  
You called Luke the physician,  
whose praise is in the gospel,  
to be an evangelist and physician of the soul:  
by the grace of the Spirit  
and through the wholesome medicine of the gospel,  
give your church the same love and power to heal;  
through Jesus Christ your Son our Lord,  
who is alive and reigns with you,  
in the unity of the Holy Spirit,  
one God, now and forever.

**Amen**

**St Laurence** continues to be open for private prayer **on Thursday between 10 and 11am.**

**St Mary Magdalene** now has a said service of **Holy Communion on Wednesday at 10am** At present, you do not need to book a place for this service but this may change in the future if demand exceeds capacity.

People over 70 are now able to volunteer as long as they do not fit into the **Clinically Extremely Vulnerable group.** However, they are required to fill in a form and agree with the risk assessment which Heather or Liz would supply

and discuss with any potential volunteers. Please feel free to contact Rev'd Liz Hollis if you would like to know more.

### **Face Masks – New guidance from the Government**

The government recently announced that all people who attend church services **must** wear a face covering in church from August 8th. There is an exception for people who are presiding, reading or leading prayers. (The person presiding will wear a face covering during the distribution of Communion). This has changed from previous weeks when it was strongly advised. However, please respect those people who for medical reasons are unable to do so.

Both churches now have their own Track and Trace QR code. Please scan this with your phone if you are able. A written record of attendance will still be kept for three weeks.

### **Extra Guidance for people attending church services**

**It is wonderful to have you with us this morning and we are doing all we can to help keep everyone safe.**

We appreciate coming to church has a social aspect to it as well as the main focus of worshipping God together. However, we are aware that people will be feeling different from others. While it is a joyful occasion for some, others might feel more anxious as they begin to widen their social contact with others.

### **To help one another feel safe you follow the following guidance.**

Please use hand gel when entering and leaving church.

Please do not engage in conversation with others inside church.

Please maintain a 2 metre (6 foot) social distance between yourself and another person where possible.

Please wear a face covering at all times in church.

Only one person or household group/bubble to come forward for Holy Communion at a time.

Please gel your hands before and after receiving Holy Communion which will be in one kind (bread only). If you do not wish to receive Holy Communion that is ok.

To leave church after the service, please be guided by the churchwarden and leave one row at a time starting at the back of church.

Please do not loiter in the narthex.

Please leave your order of service sheet in the 'used' basket in the narthex as you leave but take your notice sheet with you.

Rev'd Heather and Rev'd Liz will be outside (weather permitting) as you leave.

**Meanwhile, please take care, continue to pray and keep safe knowing that God loves each of us and will never abandon us.**

Diamond Blackfan anaemia is a very rare bone marrow failure disorder. DBA patients fail to produce red blood cells properly and may need treatment ranging from monthly blood transfusions to regular steroid treatment, and in some cases bone marrow transplant. Recently, Rev. Heather's husband and sons have been diagnosed with DBA and her baby granddaughter has tested positive for the disease. Heather is planning to walk 100k in October to raise money for this organisation and her just giving page is
